

26 October 1967

NOTE FOR: Mr. Duckett

25X1A

1. The outer area in [ ] office has a series of picture frames which enclose replicas of the various Agency's awards -- medals plus certificates. On this they keep a running score of the awards to COMMO.

2. I believe an approximation of this in chart form, which could easily be prepared by Chuck, would provide some desperately needed stimulation providing this chart was in evidence at staff meetings and at meetings of the Directorate Career Service Board. Up-to-date score keeping could be maintained by grease pencil. Shall I ask Chuck to take a look at what the Office of Communications has, and please proceed?
